EXPERIENCE

Strategy&

New York, NY

Technology Strategy Associate

October 2025 – Present

- Conducted 10+ technology due diligence and value creation initiatives for private equity clients, analyzing product positioning, technology infrastructure, and R&D organization to assess investment risk
- Built an AI-powered technical diligence report generator (Python, OpenAI API, Postgres, Docker) that reduced first-draft turnaround from 5 days to 2 hours
- Developed a value tracking engine for a large-scale ERP transformation, automating data ingestion and reporting to cut manual tracking by 20 hours / week across 5+ international workstreams

Microsoft

Redmond, WA

Software Engineer Intern

May 2024 – August 2024

- Led development of a call transfer optimization feature within Microsoft Teams (C#, C++), reducing transfer time 20% and improving call success rates 15% across 1M+ daily calls
- Built an automated test framework (50+ tests) in Google Test spanning unit, integration, functional, and end-to-end coverage to stress-test edge cases and improve system stability under peak usage
- Partnered with product and engineering leads to prioritize feature rollout based on user impact and operational risk

Microsoft

Redmond, WA

Explore Intern (New Technologists)

May 2023 – August 2023

- Selected as 1 of 50 out of 2700+ applicants to join the innovation academy and explore the product lifecycle
- Led a team of 5 interns in building a full-stack personal styling web application (React, JavaScript, Bootstrap)
- Implemented a backend decision engine in Express.js, integrating OpenAI's API to generate personalized recommendations based on user preferences and past selections

EDUCATION

University of Southern California, Viterbi School of Engineering

Los Angeles, CA

B.S in Computer Science and Business Administration

May 2025

- **Cumulative GPA:** 3.70/4.00
- **Relevant Coursework:** Software Engineering, Data Structures & Algorithms, Introduction to Artificial Intelligence and Machine Learning, Full-Stack Web Development, Operations Management

LEADERSHIP

Trojan Poker Club

Los Angeles, CA

Vice President

January 2023 – May 2025

- Co-founded USC's only poker-based student organization, growing the community to 300+ active members within the first year
- Led USC's competitive poker team to a top 3 finish in international collegiate tournament (pokeripa.com)
- Applied probability, game theory, and disciplined risk management to grow personal poker bankroll from \$100 to \$30,000+ over three years

USC Valorant Team

Los Angeles, CA

Founder and Captain

January 2022 – January 2023

- Founded and led USC's varsity-recognized esports program, growing general membership from 10 to 200+ members within one year
- Captained the USC Cardinal team to the College Valorant Championship (CVAL) via a first-place regional finish
